

# WHAT TO EXPECT

## Before Your Shoot

Secure your session by paying your session fee this will lock in your session time and date! Once we confirm the date I will send you a secure link to pay online.

We will then decide on a location. Do you prefer nature or are you more of a city chic kind of person? or a mixture of both? Ask me about my list of locations!

Also start brainstorming outfit ideas. Check out our website.. it has lots of outfit, poses, hair and makeup ideas from previous shoots we've done. I suggest to bring at least 3-4 changes of clothes if not more! Layers, flowy dresses and chunky jewelry are a few of my faves, but again they are your photos so whatever you feel comfortable in is best. I will go over all your clothing with you prior to your session to make sure everything will look just right!

I highly suggest getting your makeup and hair professionally done. It truly does make a difference! Treat yourself to a mani & pedi. Because me & my camera lens see everything. Yes I will absolutely retouch skin and any minor imperfections that may pop up the night before, but nails are one of those things I will leave to you. Plus it's an excuse to get pampered!

And for our guys, dress to impress! Bring something nice as well as something casual. Bring a few item choices to coordinate. If you are into sports, bring your sports equipment. For hair, pomade or hairspray just to keep it smooth. Go light at first, we can always add as we go.

We can go over all of the details and talk about what you want from your ultimate senior session experience. I want this session to be all about "you", so don't be afraid to tell me all of your ideas/suggestions/likes/dislikes!
