

YOUR
SENIOR
YEAR

Let's start the
YEAR
off right

Getting Started

You have already been prescheduled to take your senior portraits. To view or modify your appointment, please visit **ironcitystudios.com** and click "client scheduling portal."

We will send you an email reminder two days before your appointment. If your phone allows, we will also send you a text message reminder. **There is a \$30 sitting fee due at the time of your appointment.**

Please Note: Students with special needs, please give us a call. Iron City Studios can reserve specific appointments for any student that may require more time or less people in the studio.

The Appointment:

Formals and Cap/Gown Photos: We will provide you everything you need for your formal and cap/gown photos. However, we do encourage you to bring personal items like class rings, family pearls etc.

**Guys: It is best to come to your photoshoot cleanly shaved or groomed. Removing stubble/stray hairs after your shoot will cost extra.

Be sure to bring a parent to your appointment so you can view your photos after your session.

View/Select & Purchase Your Photos:

If you have a parent present, immediately after your photos are taken you will choose your yearbook photo. You can also view and purchase senior portraits for special discounted pricing.

Optional Indoor Casuals: Taken at the time of your formal photos. We will use TWO traditional backgrounds for your indoor casuals, so we do recommend something a bit more dressy. One outfit only, please.

Outdoor casuals are included in your sitting fee but are scheduled separately in the late summer/fall.

Optional Outdoor casuals: Taken late summer/fall. These are limited and weather permitting. Please schedule these using your client scheduling portal on our website or by calling the studio.

All: You will look back on these photos for years to come, so choose an outfit that will last the test of time. Avoid outfits that have busy patterns, stripes or plaid. Solid colors will always photograph better in your photos.

What's in
THE BAG
wall art, cards and more.

Purchasing & Viewing Proofs:

We do not send physical proofs home for you to view. Instead, if your parent is present, you can view and purchase your proofs the day of your senior session. If your parent is not present, you can set up an appointment for a later date to view your photos. Some items will only be available to purchase in person and/or may be priced higher online.

Our Policy: We work hard to ensure that your photos are perfect, but in the event we miss something, we are happy to make it right! However, being prepared for your session is key. If you were unprepared or if you just didn't like the way you looked that day, you may be subject to a re-sitting fee.
