< An art class at the BAC in 2014

Established in 1969, the BAC for four and a half decades has pursued its mission of encouraging community connections through the arts by providing a supporting environment for awareness, appreciation, and participation. The BAC strives not only to entertain and educate the public but also to expand opportunities for artists to exhibit their work, teach others, and further their artistry through education. Fostering creativity is a central part of our mission.
