Awesome job on Jake's senior pics! Thank you so much!

KAY BISHOP

A B O U T U S

Photographing high school seniors is our specialty. We have been focused on seniors for over sixteen years, and it is our full-time job to know how to bring out the best in your senior.

Kurt has won many local, national and international awards for his photography and holds the coveted Master of Photography Degree from the Professional Photographers of America

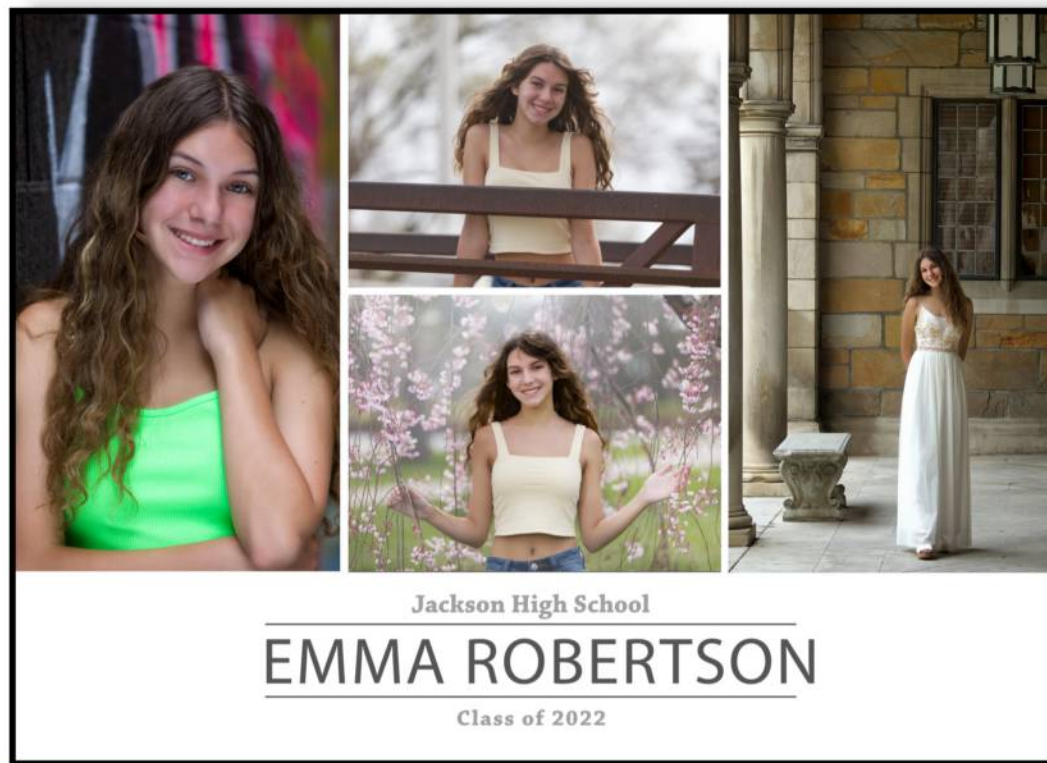

THE EXPERIENCE

There are 4 basic sessions most people choose from. The studio designer session is and in studio session that includes all of Studio One's props, backgrounds and lighting. Your senior can choose multiple outfits and still get covered for your yearbook photo if your school requires a formal for that purpose. Sports, hobbies, and interests can be incorporated into your session. Our park session is in Ella Sharpe Park and uses natural backgrounds in the images along with the museum area of the park. The downtown session is our most popular session and includes that urban grunge sort of feel into the pictures. Our location sessions is a place of your choosing to be photographed. Graphitti Alley and the Law Quad at UofM are popular destinations

SENIOR ANNOUNCEMENTS

You'll want to share the good news of your graduating senior with friends and family, so let us take care of this part for you! We'll choose your favorite images at your ordering session and design a card that you love! Cards include envelopes!

ALBUMS

Our heirloom quality albums are a must for every senior. These beautiful albums will be passed down through generations. When the senior is away at college and you're missing them, you will carefully look through every photo that captured their personality so well and you'll smile.

When your grandchild is asking her about her high school years, they'll look through the album together and share stories. When her great-granddaughter wants to know who she resembles most, they'll be able to flip through the pages of this legacy piece to see what your senior looked like as a teenager. Albums are the best way to have all of your favorite images to cherish forever.

WALL ART

From artist to canvas to metal, we'll help you choose the medium that will best display your favorite images for all of your guests to see. We can help you assemble a collection for your wall that will be a beautiful centerpiece for your room. We have many multiple image products that offer great value and of course are finished and framed.

WHAT TO WEAR

Most clients bring a variety of dressy and casual outfits. Bring more than enough, and we'll look through them together to choose the best options for each location. Don't forget your accessories like hats, sunglasses, and jewelry! If you have a favorite t-shirt or hat for your future college, bring it too!

It's best to avoid distracting patterns. Layering is fantastic to easily change up your look, and we love textures! As you're choosing your outfits, keep in mind the locations we've decided on and the season. Make sure you're comfortable in whatever you choose. If you feel awkward, it will show in the photos! Bring shoes and appropriate undergarments for each outfit too!

TIMELINE

Absolutely amazing pictures. I could not be more thrilled with the work that Kurt does. It's amazing

Ginny Heaton

1 THE BOOKING

We'll find the perfect date that works with both of our schedules for your session! We will work with your school schedule the best that we can, but keep in mind that weekends always go fast! A telephone planning session will take place before your photography.

2 THE SESSION

On the day of the session, we'll start off in the studio for your hair and makeup with our makeup artist. Make sure to eat lunch first, but we always have snacks at the studio to help you keep your energy up! Our session will last up to 2 hours, so plan accordingly! Our seniors often love to make plans with friends for after their session... why not be photographed with them!

3 THE PREMIERE

Approximately 7-10 days after your session, you'll come to the studio to view and order your photos. To be best prepared for this appointment, decide which walls you'd love to fill with your custom artwork, and make a list of friends and family that would want gift prints of your senior. All decision makers should be present at the premiere, as only one is included in your session. The premiere typically lasts about 60 minutes if you're well-prepared but can take longer, so please allow plenty of time!

4 THE DELIVERY

Your artwork and albums will arrive within 4-6 weeks after placing your order. We'll give you a call when they're in and set up a time for you to come by the studio to pick them up! We can't wait for you to see your gorgeous new products!
